

United

flights operated by Continental

The new United, operated by Continental Airlines Inc., offers unrivalled access to the Americas from more UK airports than any other airline. UK departure points include Belfast, Birmingham, Edinburgh, Glasgow, Manchester and there are 5 daily flights from London Heathrow to New York /Newark Liberty International Airport, in addition to twice-daily flights from Heathrow to Houston, Texas. From Newark onward connections are available to more than 200 cities throughout North America, Latin America and the Caribbean.

United is a member of Star Alliance, the largest alliance in the world. United Continental Holdings, Inc. is the holding company for both United and Continental. The 2 airlines will operate separately as they begin to integrate key customer services, marketing activities and airport processes during this year.

BusinessFirst®

All flights from the UK now feature 180 degree flat bed seats providing you with up to 6 foot 6 inch sleeping space and a 15.4 inch LCD monitor with iPod connectivity, universal power outlets and a USB port.

Installation on all UK departures will be completed by Spring 2011. A 5 course dining service offers a gourmet menu selection accompanied by premium wines and champagne. An Executive Meal Option is available for those wishing to dine at a time of their choice. Ground benefits include exclusive check-in, lounge access, arrival shower service at selected airports, along with a dedicated concierge service and chauffeur-drive service.*
