## Flight Centre Says

### Why we recommend Etihad Airways

One of the youngest major airlines in the world, Etihad has quickly become one of the best and most well known, winning the coveted title of 'World's Leading Airline' at the World Travel Awards in both 2009 and 2010.

The airline treats to all its customers as 'guests' rather than 'passengers' and outstanding service makes this apparent. A child-friendly service including activity packs and dedicated entertainment options makes Etihad a great choice for those with young families.

Quality onboard product at the cutting edge of comfort, functionality and entertainment makes Etihad a great choice.
