

Kenya Airways

Flying Kenya Airways from London Heathrow Terminal 4 has never been easier with a choice of daily night flights or additional daylight weekend flights or you can use our partner KLM from over 12 UK regional airports via Amsterdam and onwards to Nairobi.

Kenya Airways offer online check-in and when you arrive at the airport leave your luggage at their quick baggage drop and relax before you join your flight and experience their business class lounges, at London Heathrow and Nairobi. These offer a relaxing environment with a range of modern business facilities.

Kenya Airways is today one of the leading modern carriers to Africa. They now fly more than 2.7 million passengers every year, revealing Kenya Airways as a truly international carrier, serving business and leisure travellers from across the globe. The onward destinations from their hub in Nairobi allow Kenya Airways to offer convenient connections to over 50 onward destinations throughout Africa, Asia and the Middle East.

Premier World

Kenya Airways offers passengers more personal space on board the Boeing 777 between Europe and Africa.

The exclusive Premier World cabin offers 28 flat beds, and when they say 'flat bed', they mean 'flat bed'.

Their state-of-the-art beds stretch out to a sleep-inducing 176 degree horizontal position, and with fluffy pillows and warm blankets, mood lighting, exceptional nouvelle cuisine and fine wines (and of course, the impeccable service you would expect from a world-class airline), they'll ensure you arrive at your destination totally refreshed and re-energised.

- 28 seats, forward facing 2–3–2 configuration
- Full 76 inch pitch sleeper seats (176 degree recline)
- 31 inch seat width
- Personal video screen. AVOD audio visual on-demand, with a wide range of movies and TV programmes
- Laptop power points
- Mood lighting in cabin
- 4 course/3 choice menus with a selection of first class wines
- First class service
- Dedicated lounges across the network, including the Simba Lounge in Nairobi and SkyTeam® Lounge at London Heathrow Terminal 4

Economy

Kenya Airways' Economy Class is specially designed for passengers looking for hi-tech comfort with affordable fares.

The Economy seats are in a generous 3–3–3 configuration with a 32 inch seat pitch which delivers more leg room in a spacious and larger cabin. There is more headroom and wider seats with adjustable head supports and increased overhead storage.

Kenya Airways modern B777s boast an in-flight entertainment system with 12 video and 8 stereo channels. They also offer a 2 course/2 choice menu with complimentary drinks. Ultimately though, it's the friendly and warm service that most passengers remember.
