

United

flights operated by United

United offers 8* daily, direct flights from London Heathrow to 4 gateway cities Chicago, Los Angeles, San Francisco and Washington, D.C.

United can take you to over 170 U.S. destinations across North America, including Hawaii and Canada. United Airlines operates approximately 3,400 flights a day via United and United Express to more than 230 U.S. and international destinations, from its hubs in the US including Las Vegas, Orlando, Tampa, Los Angeles, San Diego, Miami and Hawaii.

United is now offering their new premium product and upgraded Economy product on all routes from London Heathrow to the US.†

United Continental Holdings, Inc. is the holding company for both United and Continental. The 2 airlines will operate separately as they begin to integrate key customer services, marketing activities and airport processes during this year.

First Class

The new First Suite® is nearly 3 inches wider than the existing popular United First Suite and reclines to multiple angles or serves as a fully flat 6 foot, 6 inch bed.

Each suite offers a cutting-edge entertainment system providing a 15.4 inch widescreen flat panel monitor with an on-demand digital video and music system that offers multiple selections of movies, TV programmes and video games.

- An ottoman providing additional storage
- USB port to charge electronic devices
- Noise cancelling headphones
- 110 volt universal plug socket
- Entertainment system navigation controls and content will be offered in several languages

Business Class

The International United Business® cabin features a new seat that reclines to a 180 degree, 6 foot, 4 inch lie flat bed. Every inch of the innovative, forward and rear-facing seat configuration is tailored to maximise personal space and privacy.

The new international United Business seat is up to 23.5 inches wide and adjusts to a broad range of positions.

- 15.4 inch widescreen flat panel monitor
- iPod adapter that enables customers to play their own music and videos on the seat's entertainment unit while recharging the iPod†
- USB port to charge electronic devices
- 110 volt universal plug
- Adjustable LED reading light with dimmer

Economy Class

Enhancements that have been made to United's Economy Class® product include new LCD screens in more locations on board and upgraded soft furnishings for your comfort. United Economy Plus® is a premium seating area offering up to 5 inches more legroom per seat. United have more than 21,000 Economy Plus seats in the sky. EasyCheck-in Online allows customers to check-in online for all United and United Express flights worldwide.

- Ergonomically designed seats
- Complimentary video headsets on movie flights
- Premium brands served i.e. Starbucks™ coffee and magazines
- Seat back video screens on all B767 and B777 international 3 cabin aircraft
- Special meal requests available
